We saw the wind all around
 the compass storming and
 blowing rain and snow is
 coming going on now evening

Thurs Oct 17th
 Wind from N'W strong breeze,
 blowing all day some squalls
 and rain got out some grain
 nothing going over board and
 windily saw nothing took
 some Sugar and Beans

Fri Oct 18th
 Had wind from West all day
 strong breeze blowing some grain
 and saw some fair weather

Sat Oct 19th
 Wind from West some rain
 and squalls running to East
 broke out and shifted some
 7th from here to

Sat Oct 20th
 Wind shifted to N'W and we had
 a good breeze all day doing
 some sailing, all round run-
 one Thimble around at right
 breeze about same round to
 East all sail out took some
 flour

Sun Oct 21st
 This day we had a strong breeze
 from N'W driving to East
 at 4 o'clock we had a fair
 started Schooner running to
 S'W all sail out nothing going
 on

Mon Oct 22nd
 Still had a strong breeze and
 still round to East saw left
 some work going on unloading
 of gun yarn and Taring some
 getting down Boat ready for
 loading of

Tues Oct 23rd

We have a fine breeze all day running to E. S. E. To Work doing up some small jobs some Taring going on now nothing

Wens Oct 24th

Wind about same still going to East We have aloft up to day now a few Fish caught 3 of them the Tuckers some Offspring and the Work in the rigging some a little Taring going on &

Thurs Oct 25th

Wind about same have left up now one or two Sperm whales some Fish doing up some small jobs about on the rigging

Wind from N. E. We have aloft this day did not see any thing worth mentioning To Work on Part of the Hold straining up some Oil that gave away in our last Sale took out one Bag of Rice and some Water

Sunday Oct 28. 16
Still we have the Wind from
N.E. and running to E.S.E
saw a few Fish and a few
flying Fish a few bunches
of Celp is about all for this
day

Mon Oct 29. 16
We have wind about same
Left up all day now we
shot of *Strepser* This day
nothing going on being war.
day

Look some
White

Tues Oct 30
Wind now from N.E. all
we now one *Thinback*
old as two *Parsons* caught
a few Fish doing up some
small jobs around deck
at Night tonight but far less
of a Rock that was in
our way now squalls around
and wind

Weds Oct 31st
This morning around on the
Port tack again and arrived
will starting to E.S.E at 4
clock voices of the Rock two
bays of our Port Bow now
one *Thinback* lots of Rain
and squalls around also a
little wind. This day with some
thous

how the
Rock.

Thurs Nov 1st
Wind from N.E. still now
a Spout should up and
run for it. started out
a Shale of Sulphur Bottoms
left of our Case along with
some small jobs around
deck

Sat Nov 2nd

Wind same like Warped our
Boats at Point Pointed a snow
and also a few small ice
around Loch. Took a Parkies

Sat Nov 3rd

Today we have the Wind all
around the Compass lots of rain
Boats turned up but no chance
at point saw lots of Parkies
one Phinback at Vack on fore
track and low Boat. Took some
Beef & molasses & deer Apples

Sun Nov 3rd

We have a bit breeze all Day
saw one Phinback along towards
Night we had a Squall from
NNE rain not quite a strong
breeze

Mon Nov 5th

This morning we are to
back Pointing our boats yet
strong and had a bad rain
squall from East strong
breeze washed some of our Point
off at 4 clock. Parted our Fur
top galant Sheet apart cup a run
one at Night wind from East
looking equally

Tues Nov 6th

We have quite a good Day with
some heavy squalls and some
rain. The wintering going on
this Day saw one Phinback
and some Parkies took one
Pork & Flour out this Day

Mon. Nov 7th

Weather working a little better
not much wind. Saw a lot of
all day from East now one & two
of Pardpaires caught one Fair.
Turned out two boats out later
into them Pointed Pigeon

Tues Nov 8th

We saw a little better from E. & S.
laying along etc. Went over some
Gardens. Took one doing some
fishing and a few small birds.

Fri Nov 9th

Wind about some lots of Rain.
turned up at sea boats and
Pointed how boat then. About
at night no good got it
great

Sat Nov 10th

Wind all around the compass
lots of Rain hanging around
some squalls at Night. went
from N. W. lit

Sun Nov 11th

We saw it equally all day lots
of Rain. saw nothing apart up
at Sea. and took him on
back at Night about some fine
of weather

Mon Nov 12th

How it being and equally
as very no chance to get along
saw nothing no left up.
this day at Night weather
looking about same how & out.
Old fare back again

Tues Nov 13th

This day we are laying around every day now Wind - some rain and squalls now nothing at all doing nothing took. Flow

Weds Nov 14th

About same as day before lots of rain untill 12 Clock when it cleared up and the sun came out so we finished painting Bow Boat and also a few small chases around in the riggin

Thurs Nov 15th

We saw it moderate in morning along towards Noon wind came from East and we went on our line sailing untill 8 Clock. A Mr turned up the Bow Boat and put on new Cates just removed the others being cut of don after job around

Fri Nov 16th

We saw it Squally and seeing all day now and a school of Blackfish and one school of Porpoises at Night quite Breeze from East laying to S. all day out doing after small chase

Sat Nov 17th

About the same as yesterday now after Porpoises now took one Crook at Night Squally and lots of rain took and Pogadastriels now a boat all night took. Flow this day

Sun Nov 18th
Sailing around about all
day into left up lots of rain
and squalls around noon
a few Porpoises wind from
East at Night

Mon Nov 19th
Wind about same left up
although some rain and squalls
spiral breeze up from East
along towards Night fine
evening but one Seamen John
in gun for fighters

Tues Nov 20th
This day lots of Rain and squalls
all day a little March evening on
deck John out of confinement
put him at March took things
this day

Wed Nov 21st
We saw a big breeze from East
some rain and a few squalls
at noon after 10 clock we
saw a few fish and a school of
Porpoises some March evening on
around deck

Thurs Nov 22nd
Wind about the same very little
left all day saw one bit of
squid and one Porpoise some fish
at Night still little breeze again
Heaving along about N. by E
some March around

Fri Nov 23rd
This day passes away without
seeing anything of much
account Wind from E & G
breeze evening all day with heaving
along about N. by E.

Mon Nov 24th

About same wind from E. & Hauling along about same now nothing good blowing out all soil out back. Flour this day

Tues Nov 25th

We blow it about same as day before good breeze out all soil out

Mon Nov 26th

We have a great Whaling boat still bound to land all soil out good breeze, saying now nothing back down the mountain to repair

Tues Nov 27th

This day - much air on the mountain the wind set still then a good breeze from S. E. the much on the boat. But Lewis at night work is all ground. Birds arrived on the Ojavee ground

Wed Nov 28th

Good breeze from S. E. all the rest of the day all evening. The wind on the mountain is blowing air on a boat for the first time

Thurs Nov 29th

About the same breeze saying saying now S. E. & O. O. W. all back on mountain got caught and bent it. A. C. back now a new jumper and one side of the wires one of them back.

For Nov 20th

Still strong breeze on laying
up at 10.00 at 11 clock to 12.00
took in the 5. galant Beria
had a few little birds squawks
at 5 clock not there again
fresh breeze and quiet though
a fresh one the 1st of Nov
took dinner this day

11th Dec 2nd

Had a great breeze from South
very quite very little rain
not too much wind to work
on a fair time in evening
and laying some of the
back of the house & keep this day

12th Dec 2nd

Good weather but no wind
saw a few birds, some out
of the house to 12.00 laying up
at 3.00 and tail out

13th Dec 2nd

Still had a strong breeze from
South some rain but no wind
and a few birds out
to March on the 1st of Dec got
some of the 1st of Dec on the
1st of Dec out and saw it

14th Dec 3th

Wind about the same lots of
rain and squawks up and
down the 1st of Dec
the 1st of Dec, making up a
few more Royal and doing
up a few small jobs around

Mon. Dec 6th

Wind still from E by N. In the
noon something all day. There was
the first slight frost. The temperature
was about 40° F. and the
air was very dry. Some small
frost appeared. Lots of birds and
insects around.

Tues Dec 7th

Wind about same. Light
snow about noon. It was
not very much. The day
was very bright. The top
of the snow was very dry. There
was a lot of birds around.

Wed Dec 8th

Wind let us see a little. It
the first rain. It was a
very light rain. It was
very dry. There was a lot of
birds around.

Thurs Dec 9th

To think. There was a
light rain. It was a
very light rain. It was
very dry. There was a lot of
birds around.

Fri Dec 10th

To see. It was a
very light rain. It was
very dry. There was a lot of
birds around.

Paris Dec 14. 1871

We saw no bird all around the
Camp. This day lots of *Sylvia*
and *Robin* around. I took traps in
Pine and *Robin* come round
Jacks around. *Robin* come & *Sylvia*
I saw nothing

Was her 1215

The other 2 will stay all day
from 8.0 noon till 10.0
evening. To work begin
at the Old Point for 1.00
last

2 Dec 1914

About the same as long before
the war, again, the long night
and dark. Look at England the
then, and first war, the
of the war and the war.

For Dec 14/14

This day I went out about
the river above my cabin and
saw many of the same things
as I saw at the creek. To the west
the Canine and Crossing of the
bank down the part of which
now are the S. Barboises.

Dec 15/12

There is very little water in the river at present. The water is very low and the boats are stuck in the mud. The water is very low and the boats are stuck in the mud. The water is very low and the boats are stuck in the mud.

Sunday 13
 To see it about 10 am.
 saw a dead one to see
 how much it is about
 the same. It is a ghost

Monday 14th
 Still more at day going
 along with the boat. Found some
 fish caught in the morning from
 this morning and taking
 up a new one. The boat is
 a large Tapered. It is over
 the engine is.

Tuesday 15th
 Strong wind. going to
 sea. Day is about 10 am.
 saw one to see if it is
 the same. It is a ghost

Wednesday 16th
 Still more at day. going to
 sea. Day is about 10 am.
 saw one to see if it is
 the same. It is a ghost

Thursday 17th
 Still more at day. going to
 sea. Day is about 10 am.
 saw one to see if it is
 the same. It is a ghost

Friday 18th
 Good weather. at day. going to
 sea. Day is about 10 am.
 saw one to see if it is
 the same. It is a ghost

Saturday 19th
 Still more at day. going to
 sea. Day is about 10 am.
 saw one to see if it is
 the same. It is a ghost

Sun Dec 23rd

This day we observed it immovable about the day now. During winter months. until (calm at night).

Mon Dec 24

This morning we started at 10 o'clock and went a little way from S. 1. it being at night we began to shoot at B. not firing yet around. in A. 6 at night having the N. 6 all out. Saw last B. of Parpoise. Took half this day but away the engine.

Tue Dec 25th

Laying at Calm about all day now making B. back on some and jobs around deck.

Wed Dec 26th

We have a breeze from N. 1/2 W. all day along in the P.M. quite a breeze. Took down the main top sail and bent a new one that was worn out of a new shankles. Took down the main top sail and bent a new one out of some. and put it up again.

Thurs Dec 27th

Wind from S. 6 all day laying along to N. 6. wind 1/2 clock past when we took ship and lay to B. and West now some light to march around going about a new name. under the B. at night quite a breeze going and a few B. sailing from S. 1.

For Dec 28th
This day we are staying but almost
all day in a few thick clouds
and much unusual weather

At 10^o clock getting out our sleds
for the first time of our winter
march. going on the sleds
very far and left. tonight we
think we are on the edge of
the ice.

At 11^o clock we are
now a fine breeze from the
N. E. and we are making the coast
at 5^o clock. now a V. strong wind
coming the coast at night
and a heavy fog and breeze.

At 12^o clock we are
The snow a fine breeze
way from the coast. At 1^o clock
the march on the ice is
finished. and we are at our
home.

At 2^o clock we are
This morning at 1^o clock
we are a sailing of our sleds
from the coast to the ice. and
nothing going on except our
a little drink. now nothing
left. At 3^o clock this day

At 4^o clock we are
Wind around the coast
at 5^o clock and some rain
the snow after rain we
cannot go. so we cannot
march. causing loss of our sleds
at 6^o clock we are at the end

This point
is about 1000 yds
not more. The mark on Point
Clock 1/10 now a Barque
along the shore by the
S. Night sailing about to E. N.
side Point.

20. Jan 1. M.
 This morning I was in a narrow
 and so around to N. W. water
 with (win. on my side) in
 around to B. W. and the water
 during first. Second and third
 on the 1st day of the storm
 I was lying along the coast
 morning and evening.

Got up 5th
and from H. W. I set day good
weather. Saw one Brasilia. To
watch painting some doing some
small jobs & grove.
Took some flowers and rice this day.

We have a white blizzard from W. all day at night about 10 in now low temperature

16 Jan. 1892. Saw nothing at
all at 10:30 in the morning on the
Point. Learning that an expedition
was really in. The morning was not
bright.
How the weather is right.
How the water at day was
showing a brown color from
Black Ball Bay. Saw nothing in the
water. We are going out in
a couple of days.

Mon Jan 11th
 We have a strong breeze from E. N. E.
 and very much southerly day.
 Clearing Point of

Tues Jan 12th
 Still strong breeze on southerly
 clearing Point of the line
 over some way. Daying to it but
 all day. Touch. Shows Thursday

Fri Jan 11th
 We have it about the same
 strong breeze and squally lots of
 wind. No mark on the air and
 very much clearing over

Sat Jan 12th
 I have been thinking of going that
 the I should have to make a
 very long journey to the ship and
 back to get everything over the
 way back. But not longer

Sun Jan 13th
 Wind changes on from E. E. still
 nothing going on now. nothing

Mon Jan 14th
 Wind still about the same
 with some light E. E. breeze
 one or two in the afternoon
 There will be a strong E. breeze

Tues Jan 15th
 Wind about the same to E. E. E.
 and about 10.30 at 2 1/2
 clock 7.30 in the afternoon
 a strong breeze came down
 from the strong E. E. breeze
 and it is very much over

no less. O. T. H.

Ocot not lost in our hands
and there are care not to lose
any more good things.
Spent 10.00 Nov. 12th. Paid into my
Savings Bank 17th
on 15th Nov. buying a few more
new clothing items.

Mon. Feb 2nd

The snow with calm about all day
until along towards night
it began to melt. It was
the 2nd call out. now lots of
Phinbacks and Parroquets
Humpbacks. For several days
some Old Point & now very few.

Tues Feb 3rd

We saw a whale from 7 am until
2 clock P.M. when it began to
move along towards night quite
among whales going. Took in our
two sails and took ship. stood
to & W saw lots of Phinbacks
and Hump Parroquets, and Fish.
along some swimming over this
day.

2 boys
Flour

Weds Feb 4th

This day we are having a
strong breeze from the N. and
it is all day now some Phin
and few Humpers and Parroquets
at night strong breeze going

Thurs Feb 5th

Still strong breeze going now
some Phin backs still left this
day.

Blowing hard Fri Feb 6th

present day is
under that soil and left some
Phinbacks around nothing going
on took things this day.

Sat Feb 7th

Still blowing strong from N. and
now we see a few Phin
backs around.

On Feb 10

This day we have at some better wind and sea going down and hauling the Mica Blk. saw lots of Phinbacks around

Mon Feb 11th

2 days
glow

Nothing going on this day having good weather for the ground ice we are out, saw lots of Phinbacks and one or two Humpbacks. Saw one large Bury's bound in Harb.

Tues Feb 12th

This day we are having some white weather and doing some pointing saw some Phinbacks and one school of Blackfish. Wind chauling around the S.E. Part. Ship at 7 P.M. stood to S.W.

Wens Feb 13th

Wind still blowing from S.E. with some rain squalls. We are laying for ice and sail cloth up and scraping and pointing a lot saw lots of Phinbacks and a few Humpbacks around.

Thurs Feb 14th

About same kind of weather strong breeze agone all day doing some scraping and pointing with no pointing this day saw lots of Phinbacks around none of the Fin we counted at night strong wind blowing from S.E. laying to S.W. short sail

Sat Feb 15th

Laying around in the boat with
blowing hard from S.E. saw some
Pinnacles around

Sat Feb 16th

2 days
Feb 16th
This blowing hard from
same quarter in the night saw
nothing

Sun Feb 17th

Laying around all day in wind
saw nothing worth seeing while

Mon Feb 18th

We saw a bit wind from S.E.
at 10 o'clock and took up our
anchors and bent on our anchor
get ready to let go. Working
ship and hoisting up our
work in the harbor Port

Tues Feb 19th

Mail
and
This morning we have a bit
reeze from West until about
10 o'clock then there was a
bit wind from S.W. clearing
along with snow the harbor
at 8 o'clock. Clearing wind at
out to see Takahutano entered
in for the bit wind at at
Sundown. Took Shugers this day
Tues Feb 20th

This morning at sunrise we
saw a bit breeze from West and
at 10 o'clock our ship came to anchor
at 2 o'clock P.M. One with
anchors at shore at 11 o'clock quite a strong
Tahiti wind blowing from West.
Took some Polaris and Juncos
and half a dozen for the ship

Tues Feb 21st
 Laying in Port cleaning
 ship and pumping water
 to one Watch ashore at Night

Wed Feb 22nd
 This day pumping salt water
 and getting some more work
 ready to pump one Watch ashore
 at Night

Thurs Feb 23rd
 Scraping paint out of the
 hull and putting up some new rope
 Riggers on the main mast one
 Watch ashore at Night

2 Days
 19 hours
 Fri Feb 24th
 This day laying in Port
 nothing doing one Watch on-
 shore

Sat Feb 25th
 Laying in Port stockading out
 some Shovel and putting
 them up

Sun Feb 26th
 Laying in Port today we are
 putting up some Shovel
 to split a board and other
 work and getting ready for
 water

Mon Feb 27th
 Laying in Port today we are
 putting up some Shovel
 to split a board and other
 work and getting ready for
 water

Tues Feb 28th
 Laying in Port today we are
 putting up some Shovel
 to split a board and other
 work and getting ready for
 water

downy some quivering
on like and getting very
wet

and then I am
laying in but doing some
partially around out side. I am
sitting down after in bed
at 5 o'clock covered up except
wash up for Sunday

But then I am
this day I am sitting on a
chair and I am very
tired

From Sunday to
to day I am sitting round
the table and I am very
tired

2 days
P. M.

For the 5th
laying in but doing some
partially. am. getting very
tired

Then I am
took some of our letters and
wrote some on the 10th day.
our 7th and some coils of rope
a few small stones. I am
sitting in a chair of the ship

2 days
P. M.

For the 6th
to day in air but waiting as
our 8th doing some sitting
out side

Then I am
have with a long ball from
the 10th. I am sitting in a
along with. I am sitting up
some and I am sitting down
took some from under the board

Sat Mar 8th

making air Part doing
painting and getting ready for
Lunch

Sun Mar 10th

Left at 8 clock. Home
Watch went where in morning

Mon Mar 11th

making air Part painting
down our side and staying with
it on shore

Tue Mar 12th

making air at 8 clock
Watch came back and the other
Watch went where some of some
new Boxes after

Wed Mar 13th

making air Part at
for our ship doing some painting
and small jobs

Thur Mar 14th

Watch came back with a lot of
Pat and Charly. Took aboard some
of our stores stored them away
and went to the ship and back
home

Fri Mar 15th

making some stores on board
doing some small jobs
Charly came aboard and we
one day

Sat Mar 16th

Got ready for the night
and left the ship and went
to the night. Pat came on board and
explore the ship also but he
is down and down the ship and
over the ship

Mar 17th
Nothing going on here and
outside on the coast

Mar 18th
Getting ready for sea starting
some water and working
ship

Mar 19th
This day took our bag & 5' of
the water making us up 21 lbs of
bag and 10 lbs of flour
and some small things for
the day for sea

Mar 20th
Sailing in Part showing away
outside and getting on

Mar 21st
Not going outside of the
valley water showing up
again

Mar 22nd
Get ready for sea at 2 clock here
and get on the water and
get a lot of water on our
board and some flour and
other things for the day
and starting out to sea

Mar 23rd
Sailing in the morning and
showing water and flour

Mar 24th
Sailing in the morning a good breeze
and showing water and flour

Friday, April 1st 1894
 Went out for a long walk
 down to the lake and back
 up the road to the house
 to the bridge and back to the
 house. This day I saw a
 few birds which were not
 seen before. I saw a
 nest of the H. & J. of the King of the
 with 5 eggs. Saw also 26.14
 at the house. It was a very
 fine day. The birds were
 very active. I saw a
 few birds which were not
 seen before.

Dear Mother

This day we have it - (Lamb) we
 have a fine view of the river & the
 hills on either side and we
 are very comfortable and at present
 things are going well. I am writing

to you to let you know
 that we are all well and
 happy. I am writing you
 and the family are happy
 and we are all well. I am
 writing you to let you know
 quite a rising breeze going

Dear Mother

I am writing you to let you know
 we took a nice breeze from
 West. To mention it to you
 got one rise about a cent

Dear Mother

I am writing you to let you know
 about some fair signals

The month of September and
October is reckoned Christmas
from the first of September till
November 1st. The day

from June 1st
from June 1st to
October 31st is called
the month of the year
to be reckoned in our tables and
books

The year is
divided all around the year
from the first of January
to the first of January
following. It is divided into
four quarters on each side of
the first of January. The first
quarter is from January 1st
to March 31st. The second
quarter is from April 1st
to June 30th. The third
quarter is from July 1st
to September 30th. The fourth
quarter is from October 1st
to December 31st.

The year is
divided into four seasons
the winter season is from
the first of December to the
first of March. The spring
season is from the first of
March to the first of June.

The summer season is from
the first of June to the first
of September. The autumn
season is from the first of
September to the first of
December.

The year is
divided into four parts
the first part is from
the first of January to the
first of June. The second
part is from the first of
June to the first of December.

 of D. and D. and

Strong wind & snow
arrived 110 at 10 am
nothing. The morning was
at 11.0

Put of case 2nd in
writing about 2nd
case. Longy was in
the court printing books
and sent much of the
for the week and a half or
so day.

This from R. M.
Spent about same good
weather, now on Salt marsh
and looking along cape road
on Salt Lake.

[illegible]

June 5th
Monday morning
nothing

Mon 6th
Low rain and calm, evening
and fairing some clearing
up some fresh breeze
and light the faint rain
and clouds

Mon 7th
Clearing further, but still
with a breeze at sea, some
clouds. Fair morning, 6' wind
current of about 1 mile per
hour. Breeze strong & clear
of rain. We got down to
the bay, across the harbor bar
about 10 miles to the
mouth of the river, our hands down
some 10 miles.

Mon 8th
Still clear but with some clouds
nothing about this shape
of clouds, some at sea
to the west, the mouth of the river
and some fresh breeze
and some rain.

Mon 9th
Clearing, some rain, but nothing
about the river, some rain
about the river, some rain
about the river, some rain

Friday July 14th

We were in a boat from 10.30
 till 11.15. My wife & I
 followed out. At 11.15
 40 boats came out. At 11.30
 some 200 more boats came out.

This time it is

still blowing from the N. at
 10.15. Wind from the N. at
 10.15. We were out at 10.15
 and 40 boats came out. At 11.30
 we were at 11.30. At 11.30
 some 200 more boats came out.

Monday July 14th

This day both sides of our
blowdowns been finely went out
of night to light. Saw some
Porpoises. To march fishing up
and I pushed off and sailing down
until

Tuesday July 15th

Maid sail out at 10 AM at
2 PM. now a schooner of our all
left and march and some
E. K. Land. Engines. Another
to march sailing down our river

Wednesday July 16th

Along river. Saw some
more. In waterbirds. Saw up
early on the Point. At 10 AM and
doing more fishing. Saw one
Schooner.

Thursday July 17th

Along around the river
River. some transpours. To
march sailing and sailing.

Friday July 18th

Sail, and sail a large ship
Sail, now upon the river some
Porpoises. Sailing and sailing.

Saturday July 19th

To march and blow out the
up the hole got ready to sail.
Out out of Tank.

Then July 2. 18
 To Port back and sat down our
 bit from Bank. saw some
 Blubber Boats around and
 some Trans. water. saw it all
 all over

Then July 22nd
 To work scraping and painting
 and some other things. saw
 that good weather for Whaling.
 Saw some Porpoises. saw several
 some Blubber Boats &c

Then July 23rd
 About same to Port. saw some
 and sailing and some painting going
 on. at 11 o'clock went to Port and
 saw for fighting some one of
 our boats. saw some more
 the same

Then July 24th
 About same to Port. on lots
 of painting and some scraping
 some painting. saw some
 saw some Blubber Boats.

Then July 25th
 To Port painting some. painting going
 on. saw a few Blubber Boats.
 sent one out of Port

Then July 26th
 Painting all day. some say around
 saw a few Porpoises

Then July 27th
 Got about through with painting
 to sea. saw one Blubber Boat of
 our color now saying to
 the

June 16th
 Daying around and some
 fishing near town late evening

June 17th
 Went to the river, fishing and
 some work and out. Spent
 the afternoon

June 18th
 Remained up river and fishing
 and about 1000 and then
 down. Called down the river
 at 12 o'clock. Took out the fish and
 some. It was a very good
 day.

June 19th
 Did some fishing and
 at 8 o'clock passed down the river
 at night. The light was
 very bright and the water
 very clear. Took out
 at 12 o'clock.

June 20th
 This was a very good day
 and I went out to the river
 and some fishing.

Penn Oct. 20th

That was long and unpleasant
I saw a lot of things as I went
in March - 1897. I saw
some Bats. Some found out
some found in. He also took
the wind from N.E. all day

Index Oct 21st

We are having great weather
now in Europe & I
all sorts are

For Nov 1

We saw at Squally about
all day not much work
going being up some
small but got out the
lines and spread the Ticks
in a day. Saw one large
hound in the

For Nov 2nd

We saw at Squally and going
all day and at night lots
of fine new one steam
ship heading to Port

off
and

For Nov 3rd

Clearing a big forest
all day and in evening
very little work of
started at 2 clock. Saw two
Hoyas from Port
blowing hard till day
faded all day so on that
night possibly work

For Nov 5th

Still blowing hard from
at 10 clock. Wind could
be N. when we were
at all and was at N. E.
strong breeze against wind rough

2 1/2 lbs
Duck
1 1/2 lbs
Flour

For Nov 6th

Still running at the Port
strong breeze going now
nothing back and some
status nothing more
going in the morning
and finally

Thurs Nov 7th
Wind from S.W. strong
and rain. Very much
with a heavy rain. All day
I went out in the urban
and took a boat out E.E.

Fri Nov 8th
Wind from S.W. strong
and rain. Very much
with a heavy rain. All day
I went out in the urban
and took a boat out E.E.

Sat Nov 9th
Wind from S.W. strong
and rain. Very much
with a heavy rain. All day
I went out in the urban
and took a boat out E.E.

Sun Nov 10th
Wind from S.W. strong
and rain. Very much
with a heavy rain. All day
I went out in the urban
and took a boat out E.E.

Mon Nov 11th
Out on the water. Very
hot and almost down
the river. Come back
but the lower up
the river. How a long
walk from the
bank of the river
to the end of the

Sun Nov 17th

Strong breeze and wind
sprung up. Went some
miles with 2 smalls now
stopping at night good
breeze of evening still holding
out to about

Mon Nov 18th

Wind from about 10 all day
along towards night 2 smalls
and 1 large. To anchor about 10
miles. Windy and some
boils and cold. Put up out
at the 100 miles the boats and
first the Flying jib

Tues Nov 19th

The day at anchor all day
some few 2 smalls changing
around at night we saw 100 miles
by moon. Again our boats got
down about 100 miles up

Wed Nov 20th

In the evening we saw
at 100 miles and 100 miles
up large ship in sight
along towards down again
back around at 100 miles and
quite a breeze the rest of the day
and so on until night all
day out starting to 100 miles
work on the craft and boats

Thurs Nov 21st

Wind from 100 miles and 100 miles
up. To work on our boats
making out line and craft
at night wind some all the
day out starting to 100 miles

Fri Nov 22nd

To day we have wind from
S.W. one ship in sight
just at night one steamer
boat in sight. To march
on our boats. Long queues filed
up our small boats.
Bury a small steamer, against
the wind at night. Row of
boats full of men and

Sat Nov 23rd

We have at 10 am about 100
men from the night, all going
towards the S.E. To march
the morning of the first day and
at 10 am large ship in company
all day

Sun Nov 24th

We have at 10 am about 100
men, many coming this day
at 10 am. To march. To march
at night still calm

Mon Nov 25th

To day heavy morning weather
going at 10 am. To march. To march
at 10 am. To march. To march
at night still calm
in towards the land

Tue Nov 26th

We are having all along the
same as day before. At 10 am
from S.E. one large
ship, against the wind, some
men going on an anchor. Back
row on the boats at night
beginning to see men

Nov 27th
I tell me how it calm all day
at each look in the sky
water calm now and going
on to surging town and no
more going on around deck
Look for this day

Nov 28th
This morning at day break
the future of what I know
now and want a large
of the town now down. Last night
left camp of day in the morning
shook out then was with the
the night then came to the
at 2 clock the day was a
of now with the boat down

Nov 29th
Turned out and to work on
the head gear and not get up
then about the day and
repaired the carter some and some
of the boys go home

Nov 30th
Out and to work making
up some of the day
the night the day the
from the day now
the night of the house
the night the day for
the night

Dec 1st
The night the day the
the night the day the

11:30 AM Dec 1st
 Out and to market get
 ready to visit market & buy
 vegetables & meat & fish
 as the rain has been
 heavy & the wind at 4 PM
 I returned to the house
 Dined at Night & then
 dinner & then to bed

12:30 PM Dec 1st
 This morning at 10 AM
 left the house with a
 cart & went to the market
 arrived at 2 PM & then
 at 2 PM I took up the
 day of the day of the day

1:30 PM Dec 1st
 This day at 12 PM I sent
 a boat out to the house
 with 2 and 3 crates again
 left down the riverward
 and on the day about 10 AM
 I went to the house
 and I went to the house

2:30 PM Dec 1st
 This morning found
 the river with a strong
 tide & the water from the
 one side of the river
 was at 10 PM I went
 to the house and then
 to the house and then

For Dec 6. h

I still have a good breeze, but
not enough to sail. So we are
putting on a shallop and
the bigger sailing. Some have
and others are small jobs
around the harbor, but we are
not at all of them. I will
give the men some but not

Dec 7. h
We have it all day, wind from
west, but not strong. Sailing
out all day, but not very
much. I will give the
men some tobacco and
some other things.

Dec 8. h
We have a little wind from
west, but not strong. Sailing
out all day, but not very
much.

Dec 9. h
We have it calm all day.
No sailing. Two or three
small boats out at night.

Dec 10. h
This day we have it very little
wind. No sailing. Some
small boats out at night.
The stewardess and
the cook are very busy.
The men are very tired.
The ship is very dirty.

Dec 11. h
We have it calm all day. No
sailing. The ship is very
dirty.

We are at Cabin and having
 about all the provisions
 but I have a few things
 but I have a few things

The weather is very
 not all anything. To think
 around, but I am doing up some
 small jobs

We have it equally all day
 even can and to send in
 our little low on soil
 seems to be making some
 with us at night. I have
 the most of the work
 going on too. I have
 I have been thinking of
 with lots of grain along toward

is now the spring of
 a rich list

as a good breeze from the
 all over the large house
 in the morning and on
 look at the water. I have
 till I see the water
 thick

Sun Dec 17th
 Toppin Bay (Calm) all day as a
 little but now and then
 some one barque come in
 night and out again
 at night about how far
 some of the boats and even
 Main Topgallant the wind

Mon Dec 18th
 We had a bit breeze all day
 some of the boats and
 and some fish around.
 some of the boats
 but

Tues Dec 19th
 We have some good
 some of the boats and
 in the fore of the boat
 the day so we went on
 around the

Still have it calm
 some of the boats and
 some of the boats and
 some of the boats and
 some of the boats and

Wind from E quite
 all day some
 some of the boats and
 some of the boats and
 one day of our weather
 at least one man of forty

June 22nd
Squally all day and lots of
rain. Two or three large
fish seen.

June 23rd
Have a little breeze all day
from S.E. making some
birds now one large bird
of our water. Lots of fish around
one school of porpoises.

June 24th
Have a little breeze from East
about all day. Saw some
fish all around nothing
more.

June 25th
We chaw at calm about all
day going towards light but
no fish were present. A
school of porpoises seen
off the ship. A number
of porpoises around.
Some were going on around
deck.

June 26th
Tapi Bay. and critical a strong
breeze from East all day.
Saw some fish around
lots of fish. Some were going
on around deck. At night
standing along by the ship
and some of the crew
one man of the crew.

Water

Apr 1st Jan 2nd
 Still snow a good breeze
 from the north nothing
 to record on the ice & they sail

Apr 3rd Jan 3rd
 Having a good breeze
 all day at 12 clock saw
 a search could not make
 out any thing in it
 To move on at 12 o'clock
 all day. Saw a mass of
 dirty ice.

Apr 4th Jan 4th
 The day a good breeze all
 day. Saw one Dumpling
 in the afternoon. To work down
 the hole all day.

Apr 5th Jan 5th
 The breeze is increasing
 on a bright day at 5 o'clock
 saw a lot of ice & a few
 ducks, went down at 12
 with a strong wind again
 saw no ice.

Apr 6th Jan 6th
 Still snow a good breeze
 all day. To work at 12 o'clock
 this day. Saw a good many
 on around ice. Being the 6th
 day of march. Saw a mass
 of dirty ice.

Tues Jan 5th

Had a good breeze all day
Saw one scowder of our
class, called it a Whalerman
nothing more. To ward:
on a Tophail putting it of
it out

Weds Jan 6th

Still had wind from E. & S.
Sailing to S. W. saw one
White Water scowder out at
Pekin back. To ward: on a
Tophail got through and showed
it a way. One scowder still
of pretty short and a new
set of 1000 ft. against Shetland
shores short.

Thurs Jan 7th

Had a good breeze all
day saw one White Water
scowder out nothing.
To ward: on a Tophail putting
it over

Fri Jan 8th

Had a good breeze all day
saw one Phinback, some turtles
nothing more

Water

Sat Jan 9th

Still had wind from N. E.
Sailing to S. W. saw one
Tophail nothing more. Above
it ward: going over and
back one of a kind of beauty
saw the men from there and
Shoes.

Sun Jan 10th

Sun Jan 12th
 Still running to E. W.
 all day. Wind from N.E.
 at 5 o'clock 9th saw a
 school of sperm whales
 went down with two
 boats did not get into
 at dark lot of coral seen
 at E. W.

Mon Jan 13th
 No clear wind from E yet
 but thick fog and rain about
 E all day being muggy day
 not much going on

Tues Jan 14th
 Saw a great piece of ice from
 S.W. saw also a school of
 porpoises on beach some fish
 some small squid &
 some of our men were seen
 and left at 10 o'clock
 and saw the anchor forward
 some small fish going on
 around boat

Wed Jan 15th
 This day we saw it calm
 about 10 o'clock. Saw a school
 of black porpoises and some transpoms
 at 10 o'clock. Saw at night saw
 a good breeze from N.E. & having
 at 10 o'clock

Thurs Jan 16th
 We saw a breeze from N.E. at 10
 o'clock. Saw a blue whale of our
 other been going to seaward and
 did not go down at night but stayed
 from 10 to 12 o'clock in day
 looking out but not back at
 of them not handy

For Jan 18th

Strong breeze all day at 10
 o'clock I got up some
 small downy birds some
 Thrushes some Killers
 and many more going on this day
 strong breeze all day

For Jan 19th

Not been calm all day since
 10 o'clock at all. Saw some
 Brambling around some Thrushes
 some Killers at night about
 10 o'clock strong breeze on

For Jan 19th

Had a great breeze from S.W.
 running to East all day now
 some Brambling some Thrush
 caught a few

For Jan 20th

Had a strong breeze from S.W.
 all day. Some Thrush
 some Brambling at night some
 caught a few

For Jan 21st

Had a strong breeze all
 day now and at 10 o'clock
 at about 10 o'clock at 10 o'clock
 one Thrush some Brambling
 some Killers at night some
 caught a few

For Jan 22nd

Today we had a strong breeze
 from E. and some Brambling
 at 12 o'clock at 10 o'clock
 had some Thrush some
 caught a few

Mrs. J. and J.
 Had a small breeze from the north
 nothing of any account to
 mention. ~~Scilicet~~ Scilicet repassing
 the river.

For Jan 21
 Still got a light breeze from
 the north and some snow
 coming. Whirlwinds around
 the river. At night
 a ne still toward the east

Jan 22
 Had a breeze from NW
 day the NW breeze was more
 Water Whirlwinds around some snow
 at night and breeze going

Jan 23
 Strong breeze from NW
 snow and high water
 at night level in all places
 but a few feet off the river
 strong breeze from NW

Jan 24
 We had a strong breeze all day
 Now a snow on the whole water
 new snow out nothing. At night
 in the air at night nothing going
 Street on around the river

Jan 25
 Strong breeze all day nothing
 going on river one Whirlwind
 at night here on the river

Jan 26
 Had good weather all day now
 some snow toward the river
 at night level in all

Chris Jan 30th

We have a breeze from NW
day and night. No ice at
night. No ice at night.

We have it invariable all day
but no snow anything around street.
No ice at night. No ice at night.

We have a breeze from NW
day and night. No ice at
night. No ice at night.

Sun Feb 2nd
Calms all day until 4 o'clock.
Then a light breeze
from NW. Saw some birds
at 2 o'clock. No ice at
night. No ice at night.

Mon Feb 3rd
Strong breeze all day from
NW. Saw some birds around
nothing more. No ice at
night. No ice at night.

Tues Feb 4th
We have it calm all day
saw a few geese.

Thurs Feb 6th
 Calm all day. I saw
 some Chimney Swifts but
 saw this day. Two men
 on each side.

Fri Feb 7th
 To day we had a strong wind
 from S.W. all day nothing
 but our boys had a few rails
 out no left.

Sat Feb 8th
 Windy about all day - no one
 on shore of Grand Lake. Lots of
 birds some of which I

Sat Feb 8th
 Blowing strong from
 S.W. all day. We are
 at Hay-rails some new
 material no left. Lots of
 rain.

Sun Feb 9th
 About same rough and
 squally, not strong wind
 from S.W. There is some
 hail and even the birds
 now some Chickadees
 and Purple Finches around.

Mon Feb 10th
 This day we had a strong
 wind from S.W. and
 some of the birds were
 running to the shore.

Saw upon the - wind - about 11
A cloudy strong and rough sea
Hauls up - saw nothing
etc/moin

1. Long bridge going and
coming. A crowd of people

Tues Feb 18th

We came a little further from
Wood all day, but were unable
now and then to get back
nothing more. To reach
some small lake, some up
from small lake to V. ward
making a chain of water

Wed Feb 19th

This morning we have a
strong breeze from N. W.
carrying all the ice to the new
iceberg, some away from the
ice. Clear, blowing about 100
in our little hills

Thurs Feb 20th

Remains of same as was our
one - light of rain or just
freeze some fog and rain
about. Clear from 10 to 12

Fri Feb 21st

We have a more ice about
all day, but not very thing
this day. At night some
ice and rain. Clear to
ward. Middle of morning some
boat and clear

Sat Feb 22nd

This day came in with rain
and fog. Rain and rain
to Cape. Some of the people of
Tromsø now all three of
the men, and down by them
got some rights found our
time about right

Sun Feb 23rd
We saw it about the
same as usual rough and
some Squalls now one
Gorampour at night took
in our air.

Mon Feb 24th
Very much with some rain
Wind big swell from S.W.
not so much wind around
along the river, high tide
out about 10 AM now in
night rain. Very warm
this day

Tues Feb 25th
Morning about the same
strong squalls now
not so much up apart of day
at night took in apart of our
air.

Wed Feb 26th
Kind and weather about same
strong breeze and rough sea
not so much wind nothing

Thurs Feb 27th
The day a change the day
wind now around with a
Squall from West etc S.E.
no wind now is in the day
I saw only the sea and nothing
more. R. to R.

Fri Feb 28th
The day a change the day
now strong breeze from
at night took in our
air.

Wed Mar 2nd
 The day was clear & fine
 especially some Rain. Saw some
 Partridges swimming to East at
 night still going

Thurs Mar 3rd
 A heavy breeze all day blowing
 to East. Some birds and
 especially some cups spread of
 down

Fri Mar 4th
 About same, some rain
 and especially some swimming
 at night about same

Sat Mar 5th
 A light breeze all day
 and no rain. Saw some
 saw one pair of Larks and
 one pair of quail

Sun Mar 6th
 A light breeze all day
 from S.W. but quite thick
 could not see anything far
 to west or in water. Saw
 one pair of quail

Mon Mar 7th
 No rain at about same
 saw nothing new. Saw
 at Lark & quail in air

Tues Mar 8th
 We saw a lot of birds
 all around some of them
 can not see much around
 saw one small Phalarope

Notes

Mon Mar 5th
Saw all day saw nothing
around house a little fainting
out side around after house

Tues Mar 6th
No star at about calm all
day saw some Bohinbacks
about seven in all at night

Wed Mar 7th
Saw a good many things
all day saw some Bohinbacks
could not make out anything
at night at night look in
down our house this day

Thurs Mar 8th
Saw all day about calm
all day saw some Bohinbacks
around one shot of porpoises
saw fish at night look in
our side house and shot of blackfish

Fri Mar 9th
Calm all day saw some
any where saw one or two
shot of porpoises some
porpoises. Then sent one up
shore and sent another
shot in all at night

Sat Mar 10th
Saw many things about
all day saw some
porpoises and fish saw a
shot of porpoises
saw 5 along side cut them
in

Fri Mar 4th

Good little breeze from S
at 8 o'clock. Now the wind is
from the north and a little
at 10 o'clock the wind is from the
west, 5' along with it. But
none of that is in

Sat Mar 14th
Fairish Easing and Sat
Wicks again and weather

Sun Mar 16th
Breeze around all day
at 10 o'clock the wind is from the
west, 5' along with it. But
none of that is in

Mon Mar 17th
Breeze around all day
at 10 o'clock the wind is from the
west, 5' along with it. But
none of that is in

Tue Mar 18th
Cut and put out our Poles
and put in our 10 o'clock
not Wicks again at
5 o'clock

Wed Mar 19th
2 more boiling in. While
and Pairsing. Some Water
put down the tank full

Thurs Mar 20th
Boiling put in some
at 10 o'clock the wind is from the
west, 5' along with it. But
none of that is in

Fri Mar 21st
Got touch and moved down
one fathom and shot the
spad and took left cup at
day saw two school of Parpoises

Sat Mar 22nd
Out and moved down one
fath and changed cup back and
washed of the rocks at night
saw soil and day the word

Sun Mar 23rd
Cruising all day around
saw few Parpoises at night
changing the word about
Parpoises out

Mon Mar 24th
Not completely going on the way
saw two Parpoises around
and some Parpoises took in
soil at night

Tues Mar 25th
Cruising around without any
animal in front of the day were
a few Parpoises around
Took down our fur Popalant
soil and burnt another two
and cleared out our tanks
and got some small black
Chambers ready one one (Caribbees)

Weds Mar 26th
Cruising around all day
saw a few Parpoises some
Parpoises at night all soil
out trying to get to end

Apr 25th
Still looking around now
a few Chin. Hacks some
cork

For Apr 28th
Looking around all day
not finding much. Saw
cups. Sprinkler. At night
to work on, some Park.

At Apr 29th
Run to N.E. all day saw
nothing. Stock, air cups
Sprinkler at night came to
beading the forest.

Apr 30th
Still cruising around
all day did not see any
thing. Stock in soil at
night.

Apr 1st
Looking around now
nothing. Saw good weather
fine breeze from East. Took
in soil at night saying
the end.

Apr 1st
Still looking around now
etc. (Wrecked) some Soil, etc
to fight stock in Soil and
also the end.

Apr 2nd
A boy came for day before
saw of him on some
but was behaving. Then
at night saying to find
what/ it is.

Thurs Apr 5th
Cruising yesterday with
good weather now nothing
at all about in sail at
night

Weds

Fri April 6th
Ship sail and leave at 11
all day nothing but
touch in sail at night
laying off Cape
Horn tonight Mr. Gopman
Regain

Sat April 7th
Cruising etc good sail to day now
nothing but sail at night
laying off Cape H. tonight
Regain

Sun April 8th
Ship sail and leave at 11
all day now one small boat
makes on shore at Port Louis
some junk of debris around
sail in sail at night still
laying off Cape

Mon April 9th
Cruising around Hecla etc along
the coast now one small boat
makes some junk of debris
at night sail in sail
at Cape Horn Gopman Regain

Tues April 10th
Ship sail this morning to
port carry sail at 11
now nothing around
sail in sail at night

Thurs April 9th
 still raining all day
 all day at night rain etc
 nothing this day. broke out
 a lot of flowers

Fri April 10th
 raining all day all day
 rain everything all out at
 night

Sat April 11th
 This day still raining all
 day but not so much as
 yesterday. rain down more
 today and rain at
 night all out at night

Sat April 12th
 still all out but
 the wind now nothing

Sun April 13th
 still all out still raining
 etc but strong winds at
 night all out at night

Mon April 14th
 raining all day
 morning at 10 o'clock
 of 11th and sun out
 of day now nothing around
 at night all out
 to March & raining around
 here

Sun April 15th
This morning we went out
running to the W. side of
our track, in the morning
to work repairing up drift
all day, at night mending
all laid out

Mon April 16th
This morning we mended
to 1st, 2nd some things from
2.6 to 2 clock of the morning
the blower of St Helena about
our up to it. Tocharin the
at night, saw some Garfishes
Tocharin up our cables and
sent on the kanchars. Gave on
man in camp, but the same year

re-anchored
at St
Helena

Tues April 17th
Took mending layers of
the island at 8 clock left it
and remain at kanchars at
12 clock saw all things well
spoke the man out of town at
breakfast time

Fri April 18th
This day we are mending & this
outside of and mending about
some good gear, doing up some
small jobs around deck

Sat April 19th
To work on some rigging for
doing some small jobs around

Sun April 20th
Nothing going on the day
and in the morning

Mon April 2nd
 Last night the weather was
 shown signs of our health
 for when this night

of the day in a part of the
 the some March falling clouds
 some Regier fore and aft

of the length of the ship 23rd
 to warren in the evening
 fore and aft and continuing
 a great of (cross trees for the
 the next day. The report
 on about 10 men in each Watch
 at a time to stay the boat
 X the ship being a piece of (a man
 from his own and the report the day.

on and after being told several
 times he answered no comment
 it then the mate took hold of him
 this is how when upon the day
 earned the day. He was angry and
 then and then. He said that
 with it. The Capt being on board and
 hearing the noise went on deck to see
 what the trouble was and after finding
 out concluded that the man was
 and the man was in the ship
 told the mate what he had said
 by the ship and the man was

himself he told the Mate what he had
 said. This was his own language and
 abusive language and the Mate
 where in short the Capt shut him in
 on shore and notified the owner

Thus it is 24th
 To ward on the rigging pulling
 down and giving those a
 job. Boy hit in turn and one
 man ashore in hospital

Feb. 25:1.
To market, walking down and some
market going on all the way on
one of the lower stairs. Right on
a covered one under a small hill on
way in town.

That April 26th
I arrived down Hob getting
very far from and have been
more in summer

April 27th
Still the worst in a job not much
doing around docks one man ashore
and one man ashore 10 men on a
run ashore this evening.

55 was on the river
 and the river
 was very low

Thus
 Ben. was layed in East Crew on
 shore for 2 boats 10 of them on
 1 man in Harpall one in
 one on each side.

Thus May 1st
 This day all moved back and
 took one boat of water... Put
 up the crosses are not yet
 set up. To get the origin of
 One man in Harpall one
 man in, same for bad before
 yet at night one Watch at
 on a night

Thus May 1st.
 Nothing going on this day
 except dinner a few
 of Potatoes, at night one Watch
 on a night

Thus May 2nd
 Not much going on at all
 one Watch at night one man
 one man in Harpall one in
 on each side

Thus May 3rd
 Not much work going on
 at all except one evening where

Thus May 4th
 This day the work of painting
 our boats is made and getting
 ready to paint the sides

Thus May 5th
 To day painting our boats
 and doing up the work
 on each

Seen May 4th
The day going on one hatch
on shore only a few. The same
in water as on shore.

Seen May 5th
Came out and found some
birds on the water. Shot
out on Crane's Grinted Bow
soon took her out of turn
and spent some time
in the water in the harbor.

Seen May 6th
Finished the boat and
to the water making in second
to the third day. The water
and some birds around
Cove Man still in the harbor.

Seen May 7th
This day making ready for
and to the water. Making
birds and some in the
water.

Seen May 8th
This morning the water
at the harbor a few birds
from the water only for sea.

Seen May 9th
This morning the birds are
and finished our boats some
jobs going around. Still
one man in the harbor.

Seen May 10th

1891 - May 1, 1892

[illegible][illegible]

This day I set sail and went to
 the river, and I was at 10 and
 got away at 11. I went out
 one hour, then away from
 aboard. I set in the boat and
 put in the first hour

Feb. 1 May 11th
 Sat. Leaving for Honolulu at
 10. Honolulu waiting for a
 vessel to go to other. Good
 day. Mailboat came away this
 evening went ashore and
 reported this.

Thurs May 15th
 Still going to Denver
 waiting for a change of
 the ship.

May 16th
 This day at 10 o'clock the rock
 and bag was brought on board
 and put in barrel and put
 down the run. Got considerable way
 at 12 o'clock and went to the
 rock on boatmen by name
 of Billie and made out, that
 of him, and a man passed
 and made a agreement for
 the return of him. Took another
 man, who made him rock
 leaving several men behind
 one in the boat and one run
 away.

Sat May 17th
 Out and had a soft up
 at daylight, level around all
 the land on the bank, and
 left the machine to the
 rock. Men and women
 out of the run about there
 both. Turned to work on
 over Boat Sails, at night
 saying at last all at once.

Sun May 18th
 Still saying to the level
 breeze front and now
 nothing at night still come
 all soil

Mon May 18th
 This day etc cut out end
 broke out the hole end
 put our gloves end our
 Brod circle Carl now one
 Hole of Berquies around end
 some Fish.

Tues May 20th
 A day in the air a mark
 day no net smelt again
 on around, Leeches, Clams a
 few Fish around. At night
 still laying the end all
 Soil out

Wens May 21st
 Still pulling the end there no
 freeze from end now off
 Throat around

 Out and to Courthouse towing
 down our oil got through and
 cleared up and at 4 o'clock men
 at oil getting to West. saw
 Blackbird and Bannister around
 lots of fish

I have been thinking about you
and how much I love you.
I hope you are well and happy.
I am always your affectionate friend,
John Doe.

Careening around the mother
all day, at night carrying D

Mon June 23rd
This morning the boat was
arrived at night we
at camp. The weather was
refreshing all.

[illegible]

This day finished work on tank
at 3 P.M. saw a spot more
and some Hymenoptera, at night
laying the tank

Dear and
beloved, from
D. J.
as usual in June

For June 27th
 Day in the morning all day
 saw lots of Whinbacks
 at night day to Cord. Good
 weather

For June 28th
 Morning around saw a
 few black fish, weather, down
 did not get hot. To March
 on some small jobs at
 night day to Cord.

For June 29th

 Still day to Cord. at 10 Clock
 back and day to Cord. Good weather
 saw one whole of black fish

Tue July 1st
 Morning around saw one
 whole of black fish did not go
 down at night day to Cord.

For July 2nd
 Still morning around saw
 some Whinbacks at night
 day to Cord. all well

For July 3rd
 Day to Cord at 2 Clock.
 saw some Whinbacks and
 a white water run fish
 and some out a whole of
 Spruce Grouse went down
 out took one young one
 and put for night

Thurs July 4th 1882
Dawn in the sky now
more, heavy & wet.

Fri July 5th
Dawn in the sky now
more, heavy & wet.

Sun July 6th
Dawn in the sky now
more, heavy & wet.

Mon July 7th
Dawn in the sky now
more, heavy & wet.

Tues July 8th
Dawn in the sky now
more, heavy & wet.

Weds July 9th
Dawn in the sky now
more, heavy & wet.

Thurs July 10th
Dawn in the sky now
more, heavy & wet.

Fri July 11th
Dawn in the sky now
more, heavy & wet.

Sat July 12th
 at this evening, several more
 some Blinbugs around at
 night flying the Wood, having
 cut some small jobs around
 dock. Repaired our water pump
 &

Sun July 13th
 He entire morning fine and
 not a fly back at night
 all the way flying to close

Mon July 14th
 I did from 10 till 12 and
 all the way flying at night
 morning & noon

Tues July 15th
 Still continuing to work now
 some Blinbugs at night fly-
 ing to the Wood to look for work

Wed July 16th
 We have it (about) all day
 now one to jump back one other
 to require to work on a new
 flying to it. and a cutting
 up some Old Calk. at night
 having to cut one End of it
 all out to the

Thurs July 17th
 I have it (about) all day now
 nothing about the work

Fri July 18th
 Hunting around and see now
 nothing at night flying to
 the Wood and out to the

Tues July 19th

Spent day saying to H. that a
boat was a sport in weather
could not make out to sea
at 1 clock moved on shore & had
on our weather moved out a long
H. from H. had went down on
H. back and slept on all night
and had him in the morning
at 1 clock Sunday

W

Sun July 20th

Starters. I had left from him
could do nothing with him.
Came on board and went to sleep
until 12 clock. Wrote out and
up aloft saw another mob of
whales went down and H. back.
3 barrels from ship and many
one along side. Took in oil
for night

W

Mon July 21st

Left and took in our 3 barrels
and got ready to leave at 6 clock
not started saying saying to
H. back

Tues July 22nd

To H. back saying got rough
at 11 clock H. back and H. back
H. back at 1 clock saw a H. back
Water on our weather moved out
a large whale going quick
was soon out of sight did
not go down far him. stood
in front of night out
H. back and H. back
with standing the boat

W

Wen July 23rd
 Still hunting around did
 not see any thing to watch
 on our boats firing up some
 at night saying the bird

Cut and stored down
our oil and stores of both
Hales fore and aft. Saw nothing
around, about all day

W 5
Weds Aug 20th
This day we have a great press
from S.W. at 5 o'clock, took
a shot of sperm whale, went
down and shot 5' along side
Cut up some of blubber, and
the others part for Wigs

Thurs Aug 21st
Cut and stored in the fore
of our whale. Left one pump
overboard not working saying

Fri Aug 22nd
This morning block in our
pump and not working going and
cut up 2 of the pump that
we had on deck

Sat Aug 23rd
Saying boiling oil whale and
cutting up our other pump

Sun Aug 24th
Still boiling, got through with
pump and started on Head
Wigs beginning from S.W. Wigs
strong

Mon Aug 25th
 Run out and all 2000 pulling
 down our Sail got up at 11
 down and down out for night
 strong breeze again from S.W.
 and heavy rain, clearing

Tues Aug 26th
 Out and to work towing
 down finished up and
 work at Leach, at 6 clock noon
 still and day to S.E.

Weds Aug 27th
 Working and clearing up
 day to S.E. cleared up
 day to S.E.

Thurs Aug 28th
 This day we had a breeze from
 S.W. laying along to Word
 saw one school of porpoises around
 at night all sail out

Fri Aug 29th
 About same as day before
 quite smooth saw one thin
 back one school of porpoises around
 at night jibe ship to land and
 lay along to land and land all
 sail out

Sat Aug 30th
 Continuing around now are
 Pahrbaek at night still laying
 to S.E. all sail out

Sun Aug 31st
 Still laying to S.E. and
 we saw a little breeze from S.W.
 saw one school of porpoises
 at night still chindling on

Mon Sept 1st
 Laying to S E all day with
 breeze 1 going saw some
 birds with one flying back on
 our way at night still laying
 along the coast all day out

Tues Sept 2nd
 We have it about Calm all this
 day. Saw a few Blackbirds
 one Thin back at night laying
 to S.E. all day out

Weds Sept 3rd
 About same as before saw
 one of each of Blackbirds. One Thin
 back. at night laying to West
 all day out. Cap. saw many a new
 flying jib

Thurs Sept 4th
 In this way we have a little breeze
 from S.W. at 12 clock saw
 a school of sperm whales went
 down and back along side
 coast fast for night.

Fri Sept 5th
 Out and cut in on whales
 and heard up beach. At Vicks
 going.

Sat Sept 6th
 Laying to S.E. good weather
 no wind of any account

Sun Sept 7th
 This day laying under S.E. wind
 at night

Mon Sept 8th
 This morning we got away at 5 o'clock. The flying at first under the repairs.

Tues Sept 9th
 This day got ready and stored down a part of our fair.

Weds Sept 9th
 Finished storing down and cleared up decks at 4 o'clock. were to ship and carried all the oil saying it was not good for the health for 3 days.

Thurs Sept 10th
 This day we are saying to quit to God we show signs from God along heavy swell running from S. W. W. some fish around plenty of wit birds.

Fri Sept 11th
 About same. Can't get to bed for head winds now nothing this day. The oil out drying. The quit along. One man of society. New higher & larger sheets.

Sat Sept 12th
 To day we have a bit breeze from S. W. W. along heavy swell running from S. W. some fish around. Went a new flying fish and repaired the cement. At night saying to God all the oil.

Sun Sept 14th
 Drifting around, saw one
 school of black fish some fish.
 at night laying at anchor all
 sail out

Mon Sept 15th
 Saw ~~the~~ still laying at anchor saw one
 fine spotted school of black fish carrying
 sheets. all sail out sailing to W. W. at
 one o'clock still of duty.

Tues Sept 16th
 We saw at about 1 o'clock in the
 along towards 4 o'clock. Then when
 crew drove a breeze from W. W.
 laying along to W. W. at
 about 1 o'clock

Wed Sept 17th
 We got up about 11 o'clock all day
 with all sail out, laying to
 W. W. saw nothing around
 at night about 1 o'clock.
 Boy Milleret still on deck.
 all

Thurs Sept 18th
 Still laying along to W. W.
 again sail out to W. W. and
 W. W. about 1 o'clock better than
 we were all sail out.

Fri Sept 19th
 Wind blows us to come up
 at the now and then, about
 see any thing along shore still
 all sail out about 1 o'clock and
 W. W. got out without delay and
 not at all. Boy still of duty

Sat Sept 20th
 Wind changed & it is now
 from some up E. & W. now comes
 then Saw nothing on our
 way the day at night all
 still out saying the word

Sun Sept 21st
 Wind perhaps up a little
 saying along the E. W. all
 still out day on party again
 saw nothing around

Mon Sept 22nd
 Still saying the word with
 strong breeze from E. W. now
 nothing around

Tues Sept 23rd
 saying to E. W. good breeze
 saying now nothing this
 day

Wed Sept 24th
 Still our day a strong breeze
 saying all still out saying
 the word at night saw one of them
 bound to the word and word
 said at night saying the word
 still out. Not at this day
 saying.

Thurs Sept 25th
 This day we have a strong breeze
 from the word and word saying
 the word some rain squalls
 at night still saying the word
 with the galant still in

For Sept 26th

To I am left & end run to West
 wharf & oil at 8 clock. It
 Row of 4 men and 1000 ft ship at
 a rate of 2 clock. I am 1000 ft up on cable
 new wheel and bent the benches at 3 clock.
 after still running to West wharf
 oil

For Sept 27th

Thurs. Morning at 10 clock
 came forward the Island of St. Helena
 the Harbour and came to anchor at 4 clock
 in evening all well.

Sun Sept 28th

Laying to anchor in Harbour

Mon Sept 29th

laying in Harbour. At 10
 around look at and Vaseline
 out and One watch at Night.

Tues Sept 30th

To work taking down the
 rig and doing some small
 jobs around look One watch on
 a run ashore at Night.

Weds Oct 1st

laying in front of St. Helena
 get list of a ship on us estimating
 rigging forward. one watch at
 shore on run in Evening

Thurs Oct 2nd

About came going on pulling
 on our rigging. At 10 clock some
 small work on watch ashore
 at Night.

Fri Oct. 3rd
To work on our Whiggin and
some jobs around back
one Watch ashore and run

Sat Oct 4th
About same going around
back one Watch on shore
ashore at night

Sun. Oct. 5th
Nothing going on one Watch a
shore and a run ashore.

Mon Oct 6th
To day we are working ship.
look in West boat to repair
setting up some Part 2
I shall of duty

Tues Oct 7th
To work painting ship and
setting up Part 1 doing some
small jobs one watch in run

To work painting ship and
repairing West boat doing
the same small jobs around
back, staying in Port

Thurs Oct 9th
Still painting around and to
work on the boat along towards
night going around some part
in the end back. One Watch on
shore ashore

Feb. Oct. 10. 116

It was too dark to get on board

It is the only one of the
St. Lawrence and the other
is a wandering without a firm
base by Nippon

Mon Oct. 12th
not only so but did not
go out. Manuel was brought
on board by an Officer.

Dear Oct. 12, the
 This morning at 8 clock got
 left at 10 miles way from St. Helens
 and put to sea at night
 Oct. 13, the
 Determining out C. N. E. two to prais
 and just West Boat on Deck, repairing

Memor. Oct. 15th
 Leaving for the C. W. C. all
 day now getting everything
 going on deck.

Thurs Oct. 16

Wed Oct 17th

This morning we are still
staying at E. N. E. good breeze
going at 12 clock wh. R. saw a
school of sperm whales went down
and took one along side. more
fast for night

Thurs Oct 18th

Out and broke out the tub
and moved away part of our
provisions and took it on land
cut in our trail and cleared
our decks but that took his
place

Fri Oct 19th

This day we are laying by
dayling our whale labeling
to land what we

Sat Oct 20th

Got through dayling and cleared
up deck then toward evening
broke out the main hall and
put the provisions in cart stored
some of it down again

Sun Oct 21st

Still laying to land what
rail taking up our work
of moving away our provisions
and some empty cart now
one of them back

Mon Oct 22nd

Laying to land some
reel and deck around
now nothing but Boat
on deck having some repairs

This Oct 23th

Working around the Coal must
be done the work on West boat
leaving the Indian up. The mor-
ning a strong breeze from
S.E.

Fri Oct 24th

This day saw lots of Thimbod
around one whale of Garboires
still at work on boat repairing

Sat Oct 25th

This day finished work on
West boat and put the boat
on. Met down Hob for first
time. Oil showing in pumps.
nothing much going around
locks & fire on rig of the other
down with Dickers from
Shore

Sun Oct 26th

All day out, Heaving the Coal
saw one Thimbod around

Mon Oct 27th

Jan Manning spent out
West boat and took in
Starboard boat to repair some
some Coopering going on
around locks & laying along
at Coal all day out

Tues Oct 28th

To work on Star Boat and
Coopering some work fixing up
a Pendant to support the
Mainmast head

Mon Oct. 28th
 Draying 119 - to N.W. wharves
 from Island, now one 5th in
 back. moved. This day the
 moved on Star Boat Preparation
 this up river.

This day Thys Oct 30th
 hauled up to West
 Island of Bonhomme
 at 11 clock still the water
 on Star boat, at 3 clock bent
 Starboard (ab) got ready to
 come to anchor, at 7 clock
 dock ship the boat could
 not reach land

For Oct 31st
 Capt of at daybreak and
 ship and cargo to Bonhomme
 at 10 clock plenty of natives
 on board

Sat Nov 1st
 Out and cleave out hole
 got some ark. ready for water
 got ready for wood

Sun Nov 2nd
 Nothing doing on Men, appear
 on a gun. Watch one half day
 all hands on board at night

Mon Nov 3rd
 To water and stopped at the fore
 lab and got a hat ready for
 water could not get any this
 day

Tues Nov 2th
 Cut and got one raft of water
 and got another raft, ready for
 many don some storing down
 in the hole

Weds Nov 3rd
 Took one large raft, on board
 and took some ark where
 for filling down some other things
 cleared up the forward crew
 for some ark. This afternoon the mate told
 Popo M. Maria Cooper open a flour ark to get out some flour for
 the steward and the Cooper told him she would not do it
 about 5 o'clock steward went to Capt and told him he did not
 have enough to make bread for morning and Capt asked him
 if he had told the mate and he said he had then the Capt went
 to the mate and told him to tell the Cooper to open a flour ark and
 the mate went to Cooper the second time and told him to
 open the ark and he said he would not do it then
 told the Capt he had told the Cooper two different times
 to open the ark and he had refused both times. The Capt then
 spoke to the Cooper and told him to open the ark. The
 Cooper jumped up, roared, out Foot down to hell
 Foot down the flour Foot down it and rushed off
 swearing all the way as he went. The Capt then told
 him to go into the cabin and he tried to swear by the
 Capt the Capt took him by the collar and the Cooper struck
 the Capt face with his clenched fist the Capt charged for
 to blow wildly, struck him on the side of the head
 the Capt took the Cooper and put him in the stocks and locked them up

Thurs Nov 4th
 Cut and took a raft ashore
 and brought no on board except
 it down, quite rough on shore
 so we could not get on raft
 fresh. Today when Capt took
 him down after Capt that says the Cooper
 held out Foot down you without the last
 provocation what else

For Nov 7th
 Dredging Water and some
 Wood (covering Cart and showing
 of After Hole

Lat Nov 8th
 Taken both Wood and Water and
 showing after Hole cleared up
 for Occasional. Cooper still in
 Confinement

Sun Nov 9th
 Nothing going on our boat on
 a run $\frac{1}{2}$ day then the boat
 one day way

Mon Nov 10th
 Boat and stove: our craft of
 Water on board after burning
 for perfect taking Water on board
 the water showing down
 our Oil from Tank. Cooper
 still in Confinement

Tues Nov 11th
 Leaving way again and
 going home loading. Boat and
 for the

Wed Nov 12th
 Still the water showing down
 and clearing up for the

Thurs Nov 13th
 Showing away Boat and Tank
 and showing up. Started in
 its first trip for the first time. Back
 ship on Mainmast and
 showing for some Time and
 Wood & Cooper in Confinement

Sat Nov 14th

Salt
Land

Went and to much stretching
for Wood and Burns and Farkle
to get through and show chart
at 3 o'clock and went to Sea
steering out to Wood by the Wind
Tide. Cooper out of confinement

Sat Nov 15th

This Day. Amberding our Cable
and showing the weather for a
Course doing up some small
jobs around Deck

Sun Nov 16th

Nothing going on saw one White
Wings I did not make out any
thing at Night saying to Wood
all rail out

Mon Nov 17th

Nothing going on this Day around
Deck saw one White water of our
all did not see any thing after

Tue Nov 18th

To day we put a Backstay on
our Mainmast Head for cutting
now one whole of Cowfish one
small white water. To wash in
our spare Boat repairing this morning
at Night all rail out saying
to Wood

Weds Nov 19th

This Day went down shore from
Poprail and put up another air
in place and to wash repairing
it to cure again

Thurs Nov 20th
 To work on our rail all day
 still rail cut laying to West
 saw nothing

Fri Nov 21st
 This day to work on the
 rails and shifting some
 here and att. Saw nothing
 around at night all day out
 laying to E.W.

Sat Nov 22nd
 Nothing going on this day
 saw nothing around. This
 day finally rain some wind
 all day out beyond to E.W.
 good breeze from E.C.

Sund Nov 23rd
 Laying along to E.W. saw
 one whole of Sparrows one bit
 of Swift stuff

Mon Nov 24th

 Still raining at West now
 one whole of Sparrows and
 a small piece of Swift
 This day taking of some
 waqiet rails and bending
 some good ones over the place
 of others

Thurs Nov-26th

About same still bending
some more good Soil sent
a Shovel of Gaspar's around
still all Soil out going to
Ward

Fri Nov. 27th

Repairing more Soil. getting
up our Preventer back to the
Ship

Sat Nov 28th

Saw nothing this day
down with our main stay -
Soil and the work on it
repairing it. at night
left breakers all Soil out
laying the Ward

Sat Nov. 29th

Finished our main stay
and bent it nothing more
going in the way of repairing
Soil this day & fore up by
cleaning up the Ship for
Sunday

Sunday Nov 30th

nothing going on around
becks & the ship it encase
all day a little breeze from South
saw nothing around at night
all soil out laying to E W

Mon Dec 1st

This day towards on some
old Soil repairing others
up & back in our ship
boat etc work on a small
stone getting it out

Four Dec 2nd
about same the day the war
on boat, and some work
and repairing sails &c

Five Dec 3rd
This day visited channel around
the coast on to N. side but
quite rough, saw one large
ship laying to east

 daying etc West all day
 saw nothing

Mon Dec 14th
 We saw a little breeze from
 N.W. In the morning
 at 7 clock saw one lone Whale
 going to West quick did not
 go down after him but
 followed him along until
 he went out of sight saw
 no more for the day at
 Night all Seal out laying
 to N.E. a breeze from

Tues Dec 16th
 This morning we saw a
 strong breeze from N.E. all
 through the day windy and
 squally at Night refreshing
 to West

Wed Dec 17th
 Run out of the N.E. gulf
 and took a little breeze from
 N.W. saw one Narwhal laying
 to West and East at Night
 all Seal out heading to West
 heading to West Dec 18th Seal
 head weather all day. We
 worked on all Seals observing
 them up at last saw a School
 of Whales. Late to go down
 after them. Took in Seal lay to
 West.

For Dec 19th
 This morning at 8 clock
 saw a Shale of Spring Whales
 laying. Calm in Wind until
 12 clock. Then went down
 and stood there along side
 in a part far right

Sat Dec 20th
 Out and got up our Tows
 and stood there in air got
 through at 10 clock. Weather
 nothing like breeze from East
 not much rain

Sun Dec 21st
 Having by boiling our fish
 got through at 11 clock. Good
 weather, lit breeze from
 East.

Mon Dec 22nd
 Wind came around to East
 through the Night and we have
 nothing breeze all day and
 lots of rain

Tues Dec 23rd
 We have a lit breeze all
 day from East good weather
 saw nothing around at Night
 laying to West

Weds Dec 24th
 Having good weather
 to day lit breeze from East
 saw one or more White Waters
 around one Bone Shark &
 This day shut down down our
 Oil and slowed back.

Thurs Dec 24th
We have good weather all day
along towards night breezed
up quite fresh

Fri Dec 26th
Strong breeze again from N.E.
and I left this day

Sat Dec 27th
Still strong on laying canvas
have topsails set something
around

Sun Dec 28th
Laying canvas have topsails
blowing hard and very rough
saw a few fish

Mon Dec 29th
About the same blowing hard
saw one large ship bound
to Port and sail out.

Tues Dec 30th

from N.E. at 10 o'clock and
have a gale from S.E. sea
and strong breeze. Wind went
around the Port and at night
blowing hard. Trying to get
up sail. Saw some large
fishes bound to Port and
sail out

Wed Dec 31st
Sail still made on blowing
hard saw some birds
laying at Port and
sail

This Jan. 1st 1908
 Wind still holds on from
 West strong blowing under
 short sail and left something
 around

On Jan 2nd
 About the same as wind
 Strong breeze from West
 sail up to 11 o'clock

On Jan 3rd
 Still as for a Gale from West
 under short sailing, scenery
 etc. at night, at 11 o'clock
 saw one sperm whale swimming
 to S.W.

On Jan 4th
 Following strong breeze from
 S.W. all day at night saw
 the sperm whale oil, saw
 one Thimble around, one in

On Jan 5th
 Strong wind strong breeze on
 along with the fog cannot
 be made of little to land cannot
 see sail and day to land
 saw one Thimble

On Jan 6th
 It is day and clear good weather
 all day left up saw one sail
 bound to S.W. It is day got a
 spare before us as a before us
 in our stern part as it kept
 kindly above in the sailing
 saw one Thimble of sperm whale
 around

Mon Jan 7th
Still show good weather and
fine breeze now some Driftwood
one picked up a few Fair
darkening up our Elbow at Night
running to C.W. all sail out

Have wind from N.E. for
10.10 miles now we had
a Driftwood. Driftwood around
Finished darkening our Elbow up
for a Driftwood to our Mainmast
at Night running to C.W. all
sail out

Wed Jan 9th
Still show good weather now a
Row of new Driftwood one as glow
new Driftwood one What Carles
Galent at Night running to C.W.
Sheet Wind from N.E. to March
to win on four new sails

Thurs Jan 10th
We have a strong breeze from
N.E. all day. Running to C.W.
at C.W. all sail out now nothing
Finished on four and Driftwood
at Night Driftwood

Fri Jan 11th
Running to C.W. all sail out
at C.W. now one Driftwood saying
at C.W.

Sat Jan 12th
Running to C.W. all sail out
at C.W. of rain now nothing

Tues Jan 13th
 Thied all around this day
 rain and some at night
 of weather but out low and
 clear Boat

Wed Jan 14th
 rain and some at night
 of weather but out low and
 clear Boat

Thurs Jan 15th
 Same, running down to N. H.
 at night look in the corner
 to looking to N. H. now some
 vapours

Fri Jan 16th
 A strong breeze from
 N. H. all day at 2 o'clock now
 a low tide went down after
 him could not get out of him
 very rough and windy yet
 clear

Sat Jan 17th
 A strong breeze again strong
 Gale now no left rough and
 Windy

Sun Jan 18th
 Snowing and breeze all
 day now nothing around
 still laying to N. H. wind from
 N. H.

Mon Jan 19th
 To day we had good weather
 soft and day, saw nothing
 around. Ships from N. H.
 running to N. H. all out
 at night look in the day to
 N.

Jan 20th
 (Saw) on Jan 20th
 Rain at day and night
 Night heavy very rough day
 bare poles
 Saw 1st
 a few more this 4th day
 were not 1st 2nd 3rd 4th 5th
 then it 1st 2nd 3rd 4th 5th
 and at Night took up over
 Bata on upper deck.

Jan 21st
 (Saw) on Jan 21st
 Rain at day and night
 Night blowing a fair breeze
 one large bird flying at
 that

Jan 22nd
 (Saw) on Jan 22nd
 Wind about morning and
 from one point to another
 a few birds, lots of flying
 were on 1st 2nd 3rd 4th 5th
 at night and day and at night

Jan 23rd
 (Saw) on Jan 23rd
 Blowing strong breeze
 and rough so left flying and
 equally saw nothing

Jan 25th
 This morning we saw a
 large brown bird on all day
 and the little steamers and one
 more bird lots of 1st 2nd 3rd 4th 5th
 at night took in sail

Mon Jan 26. 12

W2

This day the snow does not
 make now a single Whaler
 Went down and took two along
 side and arrived fast for Night

Tues Jan 27. 12

Just got word in our Whaler
 and heard our doctor got
 worse going at 12 o'clock

Wed Jan 28. 12

We have a pretty big snow
 and all light, laying by the
 our in the night. Snow coming
 Windy did not burn out much
 took up our boats, got brought
 by lying in the night.

Thurs Jan 29. 12

one ship at 10 o'clock for all day now
 at night, though the boat
 short of oil

Frid Jan 30. 12

This morning at 8 o'clock
 saw a lone Spruce Whaler
 went down and took them
 along side and arrived fast
 for Night

But found it
 just and took our 10 horses
 in and heard our doctor
 improve and our friend
 brought right along along
 to the

Dear Feb 1st
 I have just completed about
 now I have nothing more to
 and I have been alone since
 at night I have the time

Dear Feb 2nd
 About some kind of weather
 good for our business, having
 having our time. I have given
 I have the time to do what
 I will

Dear Feb 3rd
 It is much better than
 and I have the time to do
 what I want to do, I have
 ready for business.

Dear Feb 4th
 To answer your letter I have
 have you been and what
 I have the time to do
 and I have the time to do
 I have the time to do

Dear Feb 5th
 I have the time to do
 I have the time to do
 I have the time to do
 I have the time to do
 I have the time to do

Dear Feb 6th
 I have the time to do
 I have the time to do
 I have the time to do
 I have the time to do
 I have the time to do

It is fair it is blowing
strong breeze from West also
no frost at day no rain
nothing

Dear Feb 8th
In the morning we how it
frozen so on our till snow
then we took a sleigh from
N.W. via. Fair and then
to S.W. all day out. At night
frozen in soil. Saw 1500
Tram houses and one circus after

Albon Feb 5th
Nothing doing on our side
morning then some march on
the West side. Saw
good weather about 10 noon
saw few Tram houses around
at night took in soil saying
to C.W.

Dear Feb 10th
Still having good weather on
our business saw some few
fish and a few Tram houses
cut a new plank and started
in to make it. Put up Part of
sawit and Bow boats. Saw
Wind from West. at Night took
in soil saying to C.W.

Dear Feb 11th
This day we saw a few from
N.W. W. saw no look out. saw
nothing. Doing some march on
our side. Saw plank around deck
at night saying to N.E. what the

Thurs Feb 12th

Having good weather, until about time when we took a fresh breeze from West blowing hard and rough saw some Geese moving around at night went down some, still laying to West to march on our Foot Ropes and and Spent

Fri Feb 13th

This day we have a fine day for Whaling winds from West but not to much for whaling.

Laying around about 10 o'clock saw nothing moving around. To march on the ice and doing some work aloft on Foot ropes at Night lay under about 10 o'clock.

Sat Feb 14th

Having good weather about now don't see any thing around. Doing some work aloft on foot ropes & at work on our Scaffolds at Night took in 10 o'clock lay to S.E.

Sun Feb 15th

This day we have quite a strong breeze from East had a soft cup all day saw one Linback around at night took in 10 o'clock lay to S.E.

Mon Feb 16th

In morning we saw some from N.W. morning and evening quite rough along with to West Wind besides the West some strong breeze all the rest of day. saw nothing around as we saw one left this day, at night still breezy and rough laying to West

Sat Feb 17th

Had a good White day at night
something new at night too
in the day to the

Sun Feb 18th

This morning at 2:30 we
saw a regular storm of snow
to the blowing a fair day
day gales and the rails. At
3:30 we saw one large to small
crossed the water. The birds
to the water. Not here to the rail and day
the water

Sat Feb 19th

We saw a good White day today
and a moderate snow a fair
square heads and some birds
around one. The birds some White
fell at night day to the water
Soil

Sun Feb 20th

Out this morning and
found the blowing strong
from the wind and the
had not left in the morning
had soft until 4 o'clock at which
it was blowing hard and quite
rough. Birds on upper feet, saw
nothing around

Sat Feb 21st

To day we saw it in the
had a soft part of day along
clouds night wind and
we go down some. The birds
night soil saw a few of them
around

Tues Feb 22nd net
 Has good whale ice and
 smooth and lit breeze going
 saw nothing around.

Wed Feb 23rd
 Has it very much all day being
 backing all around Combars
 lots of rain left ahead of day
 at night wind from S.E. lit
 laying to S.W. short sail

Thurs Feb 24th
 We have good weather all
 day for a wonder. Wind all around
 Combars but good most of time
 some little wind around. Saw some
 Square Heads at night took
 in sail one Steamer. Saw in night

Fri Feb 25th
 Still have good weather saw a
 few Bramptons around. Some
 few Seal. This day commencing
 of the good all day at night took
 in sail all day in commencing

Sat Feb 26th
 Laying around all day good
 weather for whaling saw
 a few Bramptons around

Sun Feb 27th
 Still have good weather for
 our business saw a few
 Bramptons and one White
 Whale did not make out
 anything

Sat Feb 28th
 Wind out, and found a gale
 coming on blowing a Gale all
 day with light moderate
 variable light and not here
 trails seen the N.E. no left
 this day

Sun Mar 1st
 This day we have good calm
 weather all day had left all day
 saw nothing around at night
 one Steamship passed by

Mon Mar 2nd
 In morning we got some
 Rain and squalls had left
 part of day saw nothing
 around at night laying Ste N.E.
 took one hour of Bear

Tues Mar 3rd
 Had wind from N.E. all day
 but breeze good weather for
 our business saw some Steamship
 around at night laying Ste N.E.
 short Soil

Wed Mar 4th
 This morning we have a strong
 breeze from N.E. with some
 squalls of Rain had left part
 of day saw nothing around

Thurs Mar 5th
 Wind around to S.W. blowing
 strong some rain had no left
 left of and quite N.E. all day
 at night still running short
 Soil saw nothing around

2
Sat Mar 6th

Had wind from S.W. running
to N.E. some rain saw nothing
around at night still running
Took down main topgallant sail and
bent another in place. One man of
duty affect of bad disorders

Sat Mar 7th

We had a life breeze from S.W.
all day. All sail out running
to N.E. at night wind went
down saw nothing around

Sun Mar 8th

This morning we had at
calm so on until 2 clock when
we had a life breeze from East
at night all sail out laying
to S.E. saw nothing around

Mon Mar 9th

We had nice weather all
this day. saw nothing
around watching the coast
all day. At night all sail
out

Tues Mar 10th

Still having good weather
with Wind from S.W. at 12
clock wind made to S. rose
fired our three 8 pounders
and bent it. Saw some sperm
whales around at night
all sail out watching along
the coast

Wed Mar 11th

Good weather all day saw
nothing except a few sperm
To watch on the coast

Thurs Mar 12th
 This day blowing hard
 from East then haul to
 N. still blowing and rising
 all day at night wind hauled
 to N. N. E. thick and rainy
 laying short soil

Wed Mar 13th
 We have it calm about all
 day now a few Squares
 Hauled around to Wares on
 Old Soils repairing them
 up

Sat Mar 14th
 How it looks till 2 o'clock
 2 o'clock: Taken stock a little breeze
 from E. W. starting of the
 N. E. Took in our Flying
 and bent another oil pipe
 of it spent the day in repairing
 Old Soils at 5 1/2 o'clock ran
 a Shob 1 Sprm. Whaler of our
 Weather now going quick. Sail
 not go down after them Took
 in Soil and lay by.

Sun Mar 15th
 We have good weather all day
 now a soft rain coming
 around at night took in oil
 weather looking bad at night

Mon Mar 16th
 Burying dead all day at 4
 o'clock wind down and haul
 to West in quiet all day and
 run N. N. E.

For Mar 17th
We have good clear weather all
day saw nothing around at
Night laying at N.W. & short
offil working gradually and going
to work in Bay

Page
Chil

Mon Mar 18th
Have strong breeze from N.W. all
day & gradually shot lots of rain
weather looking bad still laying
at Nord and West wind watching
aft row

Look
Trade

day saw one sail laying to
seek nothing going on

Thurs May 9th

Still running etc N.W saw
one sail laying to seek
at night stock on foregalent
sail full of moirwile nothing
going on seek. Ship started to look
home.

Fri May 10th

We are running etc N.W all
day saw one sail laying to
seek, apart of crew cured yep. Recur'd
Complaint

Sat May 11th

Running etc N.W strong
breeze from S.E more Syballs
and skin no left up apart
of day saw nothing around

Sun May 12th

This day we saw it. Specially
all day lots of Rain at night
marked sail and lay along to
West and East saw nothing
around

Weds May 13th
 Now for this day we have it calm all
 the day. saw nothing around at
 night under short sail lying
 to N. Row of new Fox Boats

Thurs May 14th
 We have it calm all day and
 rain. Wind all around this
 day we put up a new Prochi
 Gard at 8 clock. Two of the
 when get into some trouble
 put them in confinement

Fri May 15th
 Still the first part we have it
 calm and going at 12 clock.
 In P. took a breeze from
 S W so on until night
 running to N. W. took on
 out of V. Jams

Sat May 16th
 Have it squally all day some
 rain around. have left a part
 of day at night clear up some
 daying etc. S W short sail
 from S. W. saw one Sail

Sun. May 17th
 Calm all first part of day along
 about noon time took into
 breeze from S W lay to N. W.
 saw some Varies around

Mon May 18th
 Calm about all day saw one
 Sail laying etc. N. E. along
 towards noon time took a
 breeze from N W steved to
 S W

New
Riggin

Sun May 19th
Wind from N.W. lit all day
saw nothing around. Bore of some
mess riggin Moir. braver Moir lifts
Fore sheet Moir. Tabint Hallards
Sparrels gies Reiled out Jub Hellyards.

Mon May 20th
This day we saw a breeze from
N.E. lay along to West saw
one Seal hauled to West
doing some Pointing and some
sprinkling.

Tues May 21st
Doing the Night winds hauled to
East we are Heaving along
to N.N.W. all Sail out. Ship
making Water quite freely at night
all sail out Heaving to West
started in to Tar rope doing some
Pointing. Day crew Treads to the
Cabin. Ship Cleaned the spare Craft
and Pointed it.

Wed May 22nd
This day we had it Calm about
all day we saw one Fur Seal
hauled to N.N.W. at Night
all Sail out but about very
little breeze from East.

Thurs May 23rd
Still we have it Calm, doing
some Pointing inside ship.

Sun May 24th
Nothing going on. This day we
saw nothing. Day heaved all day.

Mon May 25th
Out and to catch Pointing
all day saw nothing around
lay all day aboard

Tues May 26th
This morning we had a light
breeze from East made all day
and stood to N all day at night
the same. Ship making water
fast. Doing some Pointing

Weds May 27th
Still had Wind from East only
strong all day during the Hauling
the Net still Pointing around
saw nothing around

Thurs May 28th
Laying about all day (calm or
light) Sail ran on side of our
lee bow along towards night
we had breeze from East
laying to N. doing some Pointing

Fri May 29th
We had a light breeze from S E
all day all sail out reaching
to N same up with Gulf
stream during the day, about
done Pointing. saw one Verrill
and one Petrel, saw one Pomarine
one or two Fork

Sat May 30th
This day we had a breeze
all day running across the same
but very light. saw one Seal
cleaning up all around the bay.

Sun May 31st
 Drove a little breeze still from
 S.W. Cross Stream this Morning
 saw some Porpoises one Seal at
 12 clock M.R. wind went down by
 becalm untill 3 clock when we
 took strong wind from N.E. shortened
 Sail and lay to N.

Mon June 1st 1803
 Laying around about all day
 some times having a little breeze
 from N.E. most of the time saw
 some Vernal around

Tues June 2nd
 Little breeze from N.E. saw lots
 of Blunt Boats upon Seal Vernal
 not much going on Wark about
 all day up. Trying to get to N.
 Ship breaking fast and moving
 on very slowly. Had little wind most
 of the time saw one whole of eagles
 Heads

Weds June 3rd
 This Morning at day lit
 we had a good breeze from S.W.
 steering of N.E. by N. current untill
 1 clock got roundings. left of and
 run out 10 clock under full sail
 of our Star Bow

Thurs June 4th
 Working up etc. Ship by
 the Horn being thick. at 9 clock
 saw one Fish Boat under
 and went on ready for Anchoring
 came to anchor at 2 clock in
 Channel got under way at 5 clock
 when Pilot came on board put
 up Carenken Ground

For June 3rd

This morning laying out
convenient ground walking for
boarding. After day for looking
at Hardswell.
